

For Homeowners

Primary residence

Single-family homes (includes duplexes) in Knoxville City limits (no trailers/mobile homes)

Electric heat and water heater

Home is at least 20 years old

Household income at or below 80% of HUD area median

Home must pass Pre-Audit to receive retrofits

Homeowner or responsible adult in the home must attend a Savings in the House workshop.

How to Apply

All applications are available through CAC (Knoxville-Knox Community Action Committee).

Call CAC for an appointment and list of what to bring when applying.

(865) 244-3080

www.KEEMteam.com for more information and workshop dates

Income Guidelines

Family Size	Annual Income	Monthly Income
1	\$ 34,550.00	\$ 2,879.17
2	\$ 39,450.00	\$ 3,287.50
3	\$ 44,400.00	\$ 3,700.00
4	\$ 49,300.00	\$ 4,108.33
5	\$ 53,250.00	\$ 4,437.50
6	\$ 57,200.00	\$ 4,766.67
7	\$ 61,150.00	\$ 5,095.83
8	\$ 65,100.00	\$ 5,425.00

For Renters

Renters are eligible but must have landlord's approval.

There is a form for the landlord to sign. *You are responsible for getting that form from the CAC and returning the signed copy to the CAC.*

All other requirements are the same as for Homeowners.

For Landlords*

KEEM will improve your property and make your tenants more comfortable. Encourage your tenants to apply!

*conditions apply. Contact CAC for more information.

What is KEEM?

Knoxville Extreme Energy Makeover is a home weatherization project designed to help participants make their homes more comfortable, energy efficient, and reduce costs.

Eligible homes will be pre-audited. Once approved by KEEM auditors the home will receive upgrades from a professional qualified KEEM contractor.

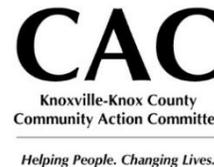

Participants will be able to reduce their energy consumption and take control of their utility bills. Being comfortable and energy efficient, saving money, and doing the right thing for the environment is what KEEM is all about!

Interested? Look inside to learn how you can apply, and join the KEEM Team!

and talk to a
KEEM
Energy Advisor
today!

KEEM is a
partnership
between:

Would you like to create a home that...

- ...is more comfortable?
- ...is more energy-efficient?
- ...protects you better from outdoor heat and cold?
- ...is better for the environment?
- ...costs less to run?

Then take the next step! Look inside and see if you qualify for KEEM.
